

IMPORTANT NOTE FROM THE DESK OF

Santa Claus

December 2020

It's getting very close to Christmas and this year has been one like no other. I understand a lot of you are worried I might not make it to your home this Christmas Eve due to the world pandemic.

- BUT PLEASE DO NOT WORRY -

Christmas magic keeps me and everyone else here in the North Pole safe, and I am happy to report we are all healthy and very excited for Christmas Eve!

However, it is important to mention that due to some restrictions, we have not been able to get all the materials needed to build some special toys that have been asked for this year.

We are running low on many supplies, though we are working hard to make sure there is still enough toys for all kids!

If you do not get exactly what you asked for this year, please do not get upset! Know it is not because you are on the naughty list, in fact most of you have continued to be NICE through these tough months.

Mrs. Claus, the elves and I are very proud of all of you!

Merry Christmas, keep up the good work and stay safe.

NAUGHTY NICE
