

Multi Engine Rating

The Multi-Engine Instrument Rating allows you to fly aircraft with more than one engine.

To hold this licence a person must have reached 16 years of age, obtain a Category 3 medical certificate.

Ground School & Flight Training Summary

Aircraft	Beechcraft Baron, ALSIM Flight Training Device	
Ground School	10 Hours – 5 Hours Mutli Operations	\$450.00
	5 Hours BE55 Specific Books and Study Material	\$150.00
8 hours dual instruction on BE55 @ \$465.00 / hour		\$3720.00
3hours on ALSIM Flight Training Device		\$540.00

Approximate Course Total \$4860.00

For more information on Transport Canada’s minimum requirements to obtain a Multi Engine Rating, [see the Canadian Aviation Regulations](#).

Additional Costs

Preparatory Ground Instruction (Optional)	\$65.00 / hour
Flight Test, Transport Canada Licensing Fees and Examination approximate fees	\$1067.50

We believe in high quality training and transparency. We quote a realistic estimate for the cost of training, rather than just the minimum hours stated by Transport Canada.

Actual cost will vary depending on student ability and study skills.
