

Private Pilot License

The Private Pilot's License (PPL) allows a pilot to fly a single engine, non-high performance aircraft during daylight hours in VFR conditions. The Private Pilot License is fully upgradeable to include the Night Rating, Multi-Engine Rating, Instrument Rating, and Seaplane Rating. The Private Pilot License is also the starting point for the Commercial Pilot License.

To hold this license a person must have reached 17 years of age, obtain a minimum Category 3 medical certificate.

Ground School & Flight Training Summary

Aircraft	Cessna 172, ALSIM Flight Training Device	
Ground School	140 HOURS	\$1000.00
	Books and Study Material	\$375.00
